

Northern California's Largest Independent Generator Service Company

- **Factory Trained Technicians:** CD & Power employs experienced technicians and invests in ongoing training programs internally and from leading equipment manufacturers.
- **24/7 Emergency Service:** Technicians available for service calls 24 hours a day, 7 days a week, 365 days a year. When you call you'll be connected to a generator expert 24/7/365.
- **Large Rental Generator Fleet:** CD & Power owns and maintains over 100 generators available for rent. With thorough check-in/check-out procedures, you will have a reliable, top quality generator in the right size, when you need it! We stock ancillary equipment like cables, cable ramps, spider boxes, and distribution panels.
- **Compliance Rules & Regs:** The Compliance department is well-versed on all of the requirements for the use of generators in California, as well as federal air quality regulations, NFPA requirements, fuel testing standards, fuel tank testing, and spill prevention. We help you avoid fines and unexpected downtime!
- **Passionate Staff Ripples:** Monthly all-hands meetings to foster teamwork, conduct cross-training, and roll out new ways to better serve customers. Rewards and recognition are presented peer-to-peer, leading to high morale and consistent "Top Workplace" honors.
- **Additional Services:** Load bank testing, fuel delivery, fuel polishing, a complete parts department, remote monitoring, and ATS service.
- **All Makes, All Models:** Regardless of where or when you bought it, the CD & Power team has the knowledge, skill and experience to maintain all makes and models of generator sets, diesel engines, and industrial equipment.
- **Truck Fleet Maintenance and Service:** 90 day BIT Inspection, smoke testing, fleet maintenance, and all phases of truck repair on all major brands.
